

## Paper Dolls (Falling Paper) (Volume 1)

Its too bad for Scarlet that no matter how sweet a person is, fate can still screw you over. Now shes jaded, half of her torn away and the remainder flesh and bones. In her grief, all Scarlet wants to do is to rebel against the life that betrayed her and her roommate provides the perfect lure... Scarlet awakens when she enters the New York City underground, where vice and fortunes thrive. Hustling, trickery and savagery allow her to discover her true selfher forgotten soul reemerging. She just cant promise itll come back pure. It wont matter that there is a shadow in her periphery. Theo Saxon thinks he can save Scarlet from a world she craves and protect her from the very elements hes spawned from. But its through his unwitting instruction that Scarlet will become a part of his league and find the danger he wants so badly to keep to himself. Scarlet thinks the stakes are within her control. But she wont just be betting her heart on Theo and his seductive sins. She will wager her life.
