

## The Story of Mankind (Chinese Edition)

With vivid words, Fang Long shows to readers thousands of years of development history of civilization. Starting from ancient ages, it relates the derivation of Egypt and Mesopotamia civilization and the glory of Greek and Roman eras. The appearance of religion as the thread, it tells the development and evolution of Middle Age society. Beginning with the rise of cities and Renaissance, it relates worldwide or national revolutions. When it comes to the histories of main countries, it also tells some stories of important historical figures. Critics and ordinary readers can find it interesting and inspiring to read.
