

The Cowboy and the Cossack (Nancy Pearls Book Lust Rediscoveries)

Fifteen Montana cowboys sail into Vladivostok with a herd of five hundred longhorns, ready to cross a thousand miles of Siberian wilderness. When a band of Cossacks, Russias elite horsemen and warriors, shows up to escort these rough and ready Americans to their destination, the clash of cultures begins. The feud between American six shooter and Russian saber is embodied in two men: Shad, the leader of the Montana cowboys, and Rostov, the Cossack commander. Nature and man are enemies that will force them to work together and a ruthless Tartar army that stands between them and their destination. The code of the cowboy West and the credo of the Cossack East seem to be two different measures of a man but honor and courage are the same in any language when a common enemy must be faced. Lonesome Dove meets Dr. Zhivago in this rousing tale of West meets East in the days of the Russian Tsars and the Wild West.
