

Allergic to Loyalty (Volume 1)

Chloe and Ashley have been best friends since they were five years old. They have been sharing everything for twelve years, highs, lows, and the in and outs. Well these seventeen year olds shared almost everything... Tre and Dirk are brothers that ride or die for each other everyday in the family business that their father has made it big in hustling. Things change in the blink of an eye when two of these people cross a line. All hell breaks lose and nothing wrecks havoc on a relationship more than mistrust. At the end of the day, when they stop and take a look around, they realize that these Atlanta streets love no one and it automatically makes everyone Allergic to Loyalty.
