

The Sonnets of Shakespeare

The Sonnets of William Shakespeare are a collection of 154 loosely connected 14 line poems. Considered by many to be among some of the greatest love poetry ever written much debate surrounds the context of the poetry. It has been suggested that the work may be semi-autobiographical but no real evidence firmly supports this notion. Regardless of their context, The Sonnets can be appreciated individually or as a whole as examples of William Shakespeares true literary genius.
