

A Bajan Stir

Ian Bennett is a chancer, a risk taker, a true entrepreneur. So for him attempting to take both his wife and mistress on a holiday he has won to Barbados seems perfectly natural. This lack of perception may explain why Ian Bennett is such a lousy entrepreneur. What seems to him a perfectly good idea usually ends up in a four start mess. The beautiful island of Barbados is about to welcome a world of chaos as Ian, and anyone associated with him becomes embroiled in extortion, fighting, fraud, drugs and organised crime. This is Ian Bennetts Barbados calamity. Paradise has never been so silly.
