

Keeping the House: A Novel

Set in the conformist 1950s and reaching back to span two world wars, Ellen Baker's superb novel is the story of a newlywed who falls in love with a grand abandoned house and begins to unravel dark secrets woven through the generations of a family. Like Whitney Ottos *How to Make an American Quilt* in its intimate portrayal of women's lives, and reminiscent of novels by Elizabeth Berg and Anne Tyler, *Keeping the House* is a rich tapestry of a novel that introduces a wonderful new fiction writer. When Dolly Magnuson moves to Pine Rapids, Wisconsin, in 1950, she discovers all too soon that making marriage work is harder than it looks in the pages of the *Ladies Home Journal*. Dolly tries to adapt to her new life by keeping the house, supporting her husband's career, and fretting about dinner menus. She even gives up her dream of flying an airplane, trying instead to fit in at the stuffy Ladies Aid quilting circle. Soon, though, her loneliness and restless imagination are seized by the vacant house on the hill. As Dolly's life and marriage become increasingly difficult, she begins to lose herself in piecing together the story of three generations of Mickelson men and women: Wilma Mickelson, who came to Pine Rapids as a new bride in 1896 and fell in love with a man who was not her husband; her oldest son, Jack, who fought as a Marine in the trenches of World War I; and Jack's son, JJ, a troubled veteran of World War II, who returns home to discover Dolly in his grandparents' house. As the crisis in Dolly's marriage escalates, she not only escapes into JJ's stories of his family's past but finds in them parallels to her own life. As *Keeping the House* moves back and forth in time, it eloquently explores themes of wartime heroism and passionate love, of the struggles of men's struggles with fatherhood and war and of women's conflicts with issues of conformity, identity, forbidden dreams, and

love. Beautifully written and atmospheric, Keeping the House illuminates the courage it takes to shape and reshape a life, and the difficulty of ever knowing the truth about another persons desires. Keeping the House is an unforgettable novel about small-town life and big matters of the heart. Advance praise for Keeping the House Ellen Bakers first novel is a wonder! Keeping the House is a great big juicy family saga, a romantic page-turner with genuine characters written with a perfect sense of history, time, and place. Her portrayal of the American housewife is hilarious and heartbreaking. I couldnt have liked it more! Fannie Flagg, author of Cant Wait to Get to Heaven Ellen Bakers first novel, Keeping the House, is a quilt that grids a small Midwestern town in the middle of the last century. Under this writers deft hands, each square is a story, a mystery, an indiscretion, a tale of the great house and grand family who once ruled there. Even more, it captures the roles of women then: both the living embodiments of demure ideals, and those who couldnt fit the pattern. Edith Whartons novels of domestic despair and display come to mind with each page. Jacquelyn Mitchard, author of The Deep End of the Ocean A born storyteller, Ellen Baker has written an enthralling family saga filled with three generations of memorable characters and capturing the dreams and frustrations of twentieth-century women in wonderful, spot-on historical detail. Faith Sullivan, author of Gardenias and The Cape Ann Ellen Baker has written the novel Ive been waiting to read for a very long time. Its the book you want to curl up with, the book you rush home to, the book you wish youd written. In Keeping the House, she serves up the complexities of family relationships, the anguish of victims of wars, the innermost thoughts of women, and the social mores of the past. Seasoned with mysteries that kept me devouring pages, this is one huge gourmet feast of a book for readers to savor. I look forward to every delicious book this author writes. Bev Marshall, author of Walking Through Shadows and Right as Rain From the
