

Playmate (infinity plus singles Book 9)

The little boy next door is just so good. In fact, hes pretty much perfect. And he has a strangely powerful influence on Danny. A disturbing story from an author whose short fiction has been described by scifi.com as Brilliant on all levels.Reed has a prose style thats pure dry ice, displayed in dystopian stories that specialize in bitterness and dislocation. --The New York Times Book Review Kit Reed calls herself transgenred... Her new collection, What Wolves Know... is confirmation of an extraordinary talent. --The Financial Times
