

## Micah Clarke, Tome I: Les Recrues de Monmouth (Dodo Press) (French Edition)

Sir Arthur Ignatius Conan Doyle (1859-1930) était un écrivain écossais, célèbre pour ses romans mettant en scène le détective Sherlock Holmes, considérés comme une innovation majeure du roman policier. Cet écrivain prolifique a également travaillé dans le domaine de la science-fiction, des romans historiques, des pièces de théâtre et de la poésie. Arthur Conan Doyle est né à Edimbourg (Écosse). Il étudia la médecine de 1876 à 1881 après être sorti agnostique des écoles catholiques de son enfance. Ses premiers écrits, encore exempts de son célèbre personnage Sherlock Holmes, sont publiés en 1879, peu après qu'il a arrêté d'exercer son activité de médecin, et c'est en 1887 qu'apparaissent sur la scène littéraire britannique le mondialement connu détective londonien et son ami et assistant le docteur Watson. L'engagement politique de Conan Doyle, notamment en faveur de la guerre en Afrique du Sud, ainsi que son titanesque travail littéraire (plus de cinquante livres et un nombre impressionnant de nouvelles), lui valent d'être proclamé chevalier en 1902: il devient alors Sir Arthur Conan Doyle.
