

A Canadian Wilderness Fishing Adventure

Feel the salty ocean spray in your face and the reel nearly jump out of your hands as you join in this adventure of a father and his two sons in the wilds of British Columbia for A Canadian Wilderness Fishing Adventure. Confronted with the fact that his teenage sons were growing up, Bob Simpson decided that the Simpson men needed one more great adventure. A previous trip to Cabo San Lucas had provided great adventure, but had left a feeling of unfinished business within the family. With the anticipation of great sportsmen and the warmth of family, the Simpsons embarked on an unforgettable journey. Come share in the adventures and the fish tales of a father bonding with his sons.
