

Self-help for Stoners: Stuff to Read When You're High

Rise up and see through the lies. Laugh and contemplate. Learn how to beat murder and marijuana charges in Texas with a skunk and a smile. And no, you don't have to be a stoner to love this book. Thinking and laughing, this is fun stuff to read on the toilet. Twisted and twisty, this is fiction that reaches back to the tradition of Kurt Vonnegut: Stories that pack a punch and a point. See your future and find out why time machines won't help you. Escape from that tragic gap between your aspirations and your accomplishments. Stoner or straight edge, figure out how to be a better person with the only self-help book made of fiction. Why? Because reality sucks, that's why! This Second Edition of Self-help for Stoners contains bonus material of samples from The Hit Man Series and the apocalyptic SF series by the same author.
