

## Cleopatra (Large Print Edition)

The history of the ruin of Antony and Cleopatra must have struck many students of the records of their age as one of the most inexplicable of tragic tales. What malign influence and secret hates were at work, continually sapping their prosperity and blinding their judgment? Why did Cleopatra fly at Actium, and why did Antony follow her, leaving his fleet and army to destruction? An attempt is made in this romance to suggest a possible answer to these and some other questions.
