

Sweetwater

As stated in a will, well-bred, cosmopolitan Virginia Hepperly will earn the rights to a Wyoming Territory ranch if she spends five years teaching Native American children in the territory. Discovering that her two little stepsisters are being mistreated by their guardians, Virginia takes them with her to begin a new life. But after arriving, she finds that there are those who want to destroy her--and her future. Features a 16-page insert with 30 frontier recipes and home remedies used by characters in the authors books.
