

The Amiable Baltimoreans (Maryland Paperback Bookshelf)

The first umbrella in America and a Washington monument that predates the one in the nations capital were raised in Baltimore. A renowned beauty of the city, Betsy Patterson, married Jerome Bonaparte, but was forbidden by her brother-in-law, Napoleon, from ever setting foot in France. A century later, Wallis Warfield, another Baltimorean, made her own assault on European royalty. Baltimore is the city of Babe Ruth and H.L. Mencken and the final resting-place of Edgar Allan Poe. The gastronomic metropolis of the Union, according to Oliver Wendell Holmes, it is also the home of Bromo-Seltzer. First published in 1951, The Amiable Baltimoreans presents 250 years of anecdotal history about the city?its buildings, its institutions, its customs, and most of all, its people. Informative, amusing, and sometimes discomforting, it offers an incomparable look into the citys past and revealing insight into the way it seemed to one informed observer thirty years ago.
