

## Curtain Call: A Death Metal Novel

A 2013 award winning novel for best occult & paranormal thriller A promising career in the music industry was on the horizon for up-and-coming heavy metal band, Bloodtones. Even for their non-human members, this is the opportunity of a lifetime! Yes, life was good until it took a hellish turn. Literally! After a bizarre encounter, Bloodtones lead-singer Bekka finds herself sharing her body with a slew of terrified beings and in mortal danger from wraithlike forces capable of superhuman feats. When fans can be otherworldly assassins and every mood-swing can end in an exploding amp, Bloodtones rock-solid future is rapidly crumbling before their very eyes. What hope do the five have against a force that neither their magic or paranormal members can begin to explain? With no choice but to fight, Bekka and her band-mates soon find themselves struggling for not only their music but their very lives.
