

Almost Alive (The Beautiful Dead Book 3)

This is Book #3 in THE BEAUTIFUL DEAD trilogy. It is recommended to read this series in order. The Beautiful Dead / Dead Of Winter / Almost Alive Twelve years have passed since the devastation. The world is changed. What once was a planet struggling to survive is now a planet bursting to life. The humans are thriving. Gardens are growing. Trees are reaching up to the sky and the Undeadly clutch on the planet is slowly letting go. But what does that mean for Winter and her friends? In the wake of spring, the last of the desperate Undead gather, fighting to maintain their place in a world that no longer wants them. Mother Nature slowly but certainly works to purge the planet of the Dead, just when Winter thought she had finally embraced this Second Life. Her new friends are back and old nemeses return for the final chapter in Winters Undead journey.
