

Reluctant Gods - Books One Through Four (Volume 5)

Become a supernatural immortal? Reluctantly. Are you interested in time travel, mysticism, alternate realities, archangels, demons, wizards, immortal gods and goddesses, telekinesis, ESP, psychic powers, magic, or use of the Akashic records? Are you hungry for a different fantasy? Something based on scientific theories, and ancient beliefs, yet humorous, sometimes romantic, and only for readers with open minds that are ready to question beliefs and paradigms? Then this metaphysical fantasy series is for you. Get the first four books of the Reluctant Gods series in this one book now. The comedic antics of the diverse and colorful characters will make you laugh while they become as familiar to you as your best friends in this blend of fantasy, humor, mystery, and romance. Science, beliefs, and real life references will make you wonder, could this happen? Join these beings that only need to think a thought to create reality; if they can bring themselves to believe, by not being so reluctant to become gods. Would you be reluctant? In Reluctant Gods, the first book of the series, past lives and past mistakes echo themselves for over five hundred years until an ancient agreement with four archangels manifests itself to remind a reincarnated couple of their destiny. Sevilen, a former engineer, needs to take on his role as a god to save Leyna, his love from his past life, since in this life, as in her past lives, she will be dead in months if he doesn't. In today's life, he doesn't even like her, and doesn't care to save her. Leyna, a powerful, cruel, and callous executive, runs from Sevilen and the thoughts of becoming a goddess, or falling in love with a man. The two enter a world of magic where they gain abilities to create and destroy universes, throw bolts of lightning, change into another body, or use their psychic abilities. In Reluctant Gods II - The Demon Seth, our immortal gods are

forced to be confined to their mansion by a 1000 year old, insolent boy demon named Seth. Join them as they deal with their forced imprisonment, with the unlikely influence of the novel Fifty Shades of Grey, while angels, witches, and other gods work with them to resolve the dilemma. Will the Demon Seth steal Sevilens love, Leyna, of 500 years? Will they need to make a deal with Satan to resolve it? Immerse yourself in the incredible story as the scenes vividly play out in your mind. Listen to the music through provided links on Amazon. In Reluctant Gods III - Reset, the year is 2050, 38 years after the debacle created by the Demon Seth, the Earth is on a crash course in more than one reality. Parallel universes, alternate realities, time travel, jealousy, and experiencing more than one life simultaneously must be dealt with. Experience what these immortals do to try to save it all. Reluctant Gods IV - Aysel - The Prequel was written from reader requests to know how Aysel, Sevilens great grandmother and mentor, became who she was in the first three books. What shaped her to become the highly evolved, very unique, sensual, powerful, and sometimes whacky god she is in all the other books in the series? Follow 22 year old Aysel from the 1920s, raised protected and sheltered by Varick, from when she is immersed in the world of immortal gods, to when she brings Sevilen into their family. Learn with her about the effect of changing others life paths with magic, and how to avoid the deadly results by using the Akashic records. See why Aysel, can guiltlessly make passes at Sevilen throughout the series, as if she really were just another young woman, and not his one hundred and six year old great grandmother. Learn what family really means for immortal gods, archangels, devils, and demons. BEWARE! Not for those with closed minds, or narrow viewpoints of life.
