

Diary of Andres Fava

Diary of Andres Fava is pure reflection: on his reading, dreams, conversations, and writing. This unpredictable journal of the protagonist of Cortazar's posthumously published *El Examen* is peppered with quotes from French poets and American jazzmen. Cortazar's brilliance and irreverence are in full power. Exploratory and honest, *Diary of Andres Fava* lets us in on his own intimate reflections on literature, music, friendship, love, and the act of writing. It's full of bold jabs and devilish claims. A late-night rap session with Cortazar lets him down his guard and we have the impossible pleasure of watching this lovable genius think and feel out loud.
