

Han der Islaender (German Edition)

Victor Hugo zählt zu den bedeutendsten Autoren der europäischen Literatur. Bereits im Alter von 18 Jahren begann Hugo mit der Arbeit an seinem ersten Roman Han der Islander, der 1823 veröffentlicht wurde. Er erzählt die in Norwegen spielende Geschichte des Liebespaares Ethel und Ordener, zu der Hugo vermutlich durch die Beziehung zu seiner Frau Adele inspiriert wurde. Hugos Erstlingswerk löste unter den Kritikern und Lesern sowohl Begeisterung als auch Ablehnung aus. Die zahlreichen Parallelen zum englischen Schauerroman ließen immer wieder den Vorwurf der Imitation laut werden. Für das schriftstellerische Debut eines so jungen Autors ist die literarische Qualität der Erzählung aber auch aus der heutigen Perspektive immer noch bemerkenswert.
