

Ghost Town (Sundowners)

Its the American West of the 1800s, and in the heart of Americas untamed new frontier lurks an evil force, the Faceless, awaiting its return to power. Only two men, warriors from two different cultures, can stand together to defeat the evil. Gabriel Tyler, a reckless gunslinger, and a Native-American shaman, Jonathan Fivehawk, meet when Gabriel, injured during a gun battle, stumbles into Jonathans camp one night. Initially suspicious of each other, Fivehawk dresses Gabriels wounds with his medicines and they realise they are both headed in the same direction: Stonetree, once a thriving frontier town, now a ghost town
