

G.I. JOE: G.I. Joe: Legacy Blackjack (Kindle Worlds Novella)

They say you cant fight aging. They just didnt fight hard enough. Blackjack just spent ten years in a Russian Prison deep in Siberia. The world and the person he was sworn to protect have changed in that time and now the mercenary has to find out how he fits in this strange new world. If he even still can. Age catches up with all of us and its running alongside Blackjack. An assignment to a small island in Indonesia might be just what he needs. But others have been there before and the mystery of the island just might prove to be too much.
