

Goldeneye (John Gardners Bond series)

Official, original James Bond from a writer described by Len Deighton as a master storyteller. She is beautiful. She is Russian. And she is very, very dangerous. Once Xenia worked for the KGB. But her new master is Janus, a powerful and ambitious Russian leader who no longer cares about ideology. Januss ambitions are money and power: his normal business methods include theft and murder. And he has just acquired Goldeneye, a piece of high-tech space technology with the power to destroy or corrupt the Wests financial markets. But Janus has underestimated his most determined enemy: James Bond.
