

Grand Theft: Cookie

Being a kid isn't as easy as it used to be. When twelve friends between the ages of 7 and 10 head off for a day of adventure and fun in the forest, they never expect to find themselves embroiled in a court case. What they especially don't expect to find is that someone they all know and love has been accused of theft. Adult justice and television show reality collide with childhood innocence in ways that will have readers crying and laughing at how society can impact on children raised in today's world.
