

Here and Now

A woman alone, just weeks before she is to deliver a new life into this world, Suzanne McDermott is determined to remain strong and accept whatever the future might bring. But she never dreams it will bring her...the past. The stranger who washes up on the New Jersey shore is badly injured?and unprepared for the world into which he is about to walk. For the last thing Charles Garrity knew, it was the Roaring Twenties, and his life's ambitions were about to be realized. Yet a beautiful woman is telling him it is nearly eight decades past his time! Suzanne has rescued him and has...opened his eyes and soul to new wonders. Now it is he who must save her heart?and his own?with the power of something neither of them has ever known: real love.
