

Cronica de Una Muerte Anunciada (Chinese Edition)

The murder tries to find some people to stop the murder, but only get indifference and on-look. The story derives from a true event: In 1951, a friend of Garcia Marquez was killed in the face of all the people of the town. I was so eager to tell this case, and perhaps, it finally determines my career as a writer. But only until 1981, Marquez, after 30 years investigation and thinking, ultimately finds out the key of this tragedy.
