

Wanted: The Devils Riders Trilogy (New Adult, Motorcycle Club Romance, Biker Club Romance)

Sometimes falling in love can be a rough ride... Kaylie is just out of high school when she notices someone following her. Shes used to it though. Wherever shes gone for the past two years, she could hear it: the sound of a purring motorcycle behind her. It wasnt always the same guy, but she knew they were always there for him. Devlin McRae. He was the head of the local MC club and as dangerous as a rattlesnake. At least thats what people said. Shed waited on him at the diner she worked at over the years and hed always been polite and tipped extremely well. He was gorgeous too, tall, built and blond with boyish good looks. She hadnt minded a bit when shed felt his eyes following her around the restaurant. But being followed all the time like this was disconcerting. And lately, the bikes had been getting closer, less secretive, more obvious. What would she do if Devlin ever caught her? Janet is a good girl from the right side of town with promising career as a ballerina, until it all comes crashing down with an injury. Now shes running wild, flunking out of school and dancing on table tops. When she gets back into town her best friend Kaylie brings her to the local MC Club House. Theres one guy there that unnerves Janet with his solemn dark eyes. In fact, shes got the feeling that he sees right through her. Jack is a dangerous man with a dark past. Hes been on his own since he was 14 years old and he has the scars to prove it. Nicknamed The Viking, hes bigger and meaner than almost anyone in the Club. He gives Devlin and the Spawns his absolute loyalty but nothing else. He doesnt need anyone or anything and thats the way he likes it. Until he meets Janet. The feisty little red head gets under his skin, no matter how hard he tries to push her away. When Janet winds up in the clutches of an underground prostitution ring, Jack has to decide how far hes willing to go to save her. If he succeeds, he knows

she could be the one who will save him from his demons. Long time Devils Rider Donnie always has something funny to say. That doesn't mean he hasn't seen his share of heartbreak. With sparkling eyes and a ready wit, he oozes charm and could have his pick of the ladies. But he never sticks around for long. Sally might just be a waitress at Maes diner, but she's got secrets. A talented country singer and songwriter, she had to abandon her career to escape her abusive ex. She's determined to stay out of the spotlight and as far away from Donnie as she can. She knows better than to trust a biker, even though his teasing smile sends shivers through her body. When her ex tracks her down, Sally has to decide who to trust... And who she can trust with her heart.
