

Los Angeles Survival Guide (City Survival Guides)

An easy to use and extremely helpful handbook that takes you step by step through the process of moving to and living in Los Angeles. Everything you need to know before you move, like how much apartments cost, choosing a moving company, and dangerous areas to avoid; as well as the nuts and bolts of getting settled like setting up utilities, getting around town, and finding a job. It even gives the low down on tiresome, but necessary tasks like small claims court, credit reports and earthquake preparedness.
