

Angel Meadow (Coronet Books)

Nancy Brody is different from the rest of the folk in Angel Meadow, the appalling slum where her drunken mother Kitty was a prostitute ... Only nine years old, Nancy decides to save her sisters Mary and Rose from the workhouse. She gets work for them all at the Monarch Cotton Manufacturing Mill - and then sets out to better herself and her sisters. Saving every penny, working every waking hour, Nancy succeeds, becoming a manufacturer herself. But happiness seems as elusive for Nancy as it was when she was a mistreated child. Though he once said he loved her, Mick O'Rourke has become Nancy's worst enemy, and seems destined to take a terrible revenge on her and her sisters. And Josh Hayes, the man who truly loves Nancy, seems destined to be parted from her.
