

Kim

Kim is a novel by Rudyard Kipling. It was first published in book form in October 1901. The story unfolds against the backdrop of The Great Game, the political conflict between Russia and Britain in Central Asia. It is set after the Second Afghan War which ended in 1881, but before the Third, probably in the period 1893-98. The novel is notable for its detailed portrait of the people, culture, and varied religions of India. Rudyard Kipling (30 December 1865 – 18 January 1936) was an English short-story writer, poet, and novelist chiefly remembered for his tales and poems of British soldiers in India, and his tales for children. He received the Nobel Prize for Literature in 1907. He was born in Bombay, in the Bombay Presidency of British India, and was taken by his family to England when he was five years old.
