

Caligula (Spanish Edition)

Reflexion sobre los problemas y obsesiones que nutrieron su creacion literaria y teorica, CALIGULA -obra gestada entre 1938 y 1942 y representada por vez primera en 1945- es una de las grandes piezas dramaticas de Albert Camus (1913-1960). En ella, los temas recurrentes del absurdo existencial, la enajenacion metafisica, el sufrimiento del hombre y la logica del poder reciben un despliegue dramatico que discurre en paralelo a las novelas y ensayos de un autor cuyo talento y sensibilidad etica se centraron siempre en una indagacion sobre la complejidad, la ambiguedad y la riqueza de la condicion humana.
