

China - The Whole Enchilada (A Samuel French Acting Edition)

3m / Musical Comedy A hilarious new musical, China - The Whole Enchilada is three men singing, dancing, and irreverently marching their way through four thousand years of Chinese history- in less than two hours with an intermission. The show dares to tackle racism, human rights, genocide, and the birth of the fortune cookie. Selected participant of the 2008 New York International Fringe Festival. China walks a fine line between sheer, ridiculous inanity and some serious truths about that big country over there, the one just past Japan. Its a tricky balancing act -- and a fascinating one.- Orlando Sentinel In this musical version of the history of China, Brown has collaborated with song writer and composer Paul Mirkovich to create two of the funniest hours I have spent in a theatre in a couple of years. - EntertainingU.com
