

## Manana Manana: One Mallorcan Summer

Having battled and succumbed to the manana pace of rural Mallorca, spring sees Peter Kerr and family relaxing into a supposedly simpler way of life, growing oranges on their little valley farm, Cas Mayoral. However, even after the trials, tribulations and triumphs of their initiation, Spain has not yet finished with them. Embarrassing subtleties of the language, brushes with the local police, the unfortunate outcome of a drinking session ... surprises are aplenty to test the resolve, stamina and, perhaps more importantly, the sense of humour of this venturesome (some would say foolhardy) emigre family. Their eccentric and colourful new friends are always on hand to help out - for better or worse - and add spice to this engaging account of tranquilo life from the author of Snowball Oranges. All the charm of Mallorca: where you seldom do today what can be more judiciously put off till manana!
