

The Sea-Wolf: Original and Unabridged (Translate House Classics)

The Sea-Wolf, a psychological adventure novel by American novelist Jack London about a literary critic, survivor of an ocean collision, who comes under the dominance of Wolf Larsen, the powerful and amoral sea captain who rescues him. Its first printing was immediately sold out before publication on the strength of London's previous *The Call of the Wild*. Ambrose Bierce wrote, "The great thing and it is among the greatest of things is that tremendous creation, Wolf Larsen... the hewing out and setting up of such a figure is enough for a man to do in one lifetime... The love element, with its absurd suppressions, and impossible proprieties, is awful."
