

95 SHORT STORIES, NOVELETTES & PLAYS. (Timeless Wisdom Collection Book 1754)

This volume is a definite must have for Louisa May Alcotts lovers, as it is the most comprehensive compilation in existence of short stories written by this beloved author: a total of 89 novelettes and short stories; plus 6 plays, all organized in 12 different parts to facilitate navigation. We have done extensive research, looking for Alcotts short stories, and we have discovered close to 200. This volume contains half of those, included some published as stand alone novelettes, as Little Button Rose or The Dolls journey, that are now part part of our uncollected stories. They are neatly organized, in collections that follow the original publications. In separate volumes we have published Aunt Jos Scrap Bag (originally 6 books, 66 short stories); and Lulus library (3 books, 32 short stories) The stories in this volume are: BOOK ONE A Modern Cinderella or The Little Old Shoe And Other Stories 1.
