

North And South Part 1 Of 2

Part One Of Two Parts Part history, part novel, this book chronicles two great American dynasties over three generations. Though brought together in a friendship that neither jealousy nor violence could shatter, the Hazards and the Mains are torn apart by the storm of events that has divided the nation. Superb! You will gain a firsthand knowledge of life at West Point in the early 1800s...a peek at the Texas frontier, a vacation in a posh cottage at Newport...experience the savagery of war in Mexico, suffer the suspense of both the Charleston Battery and beleaguered Fort Sumter before the mortar fire that launched a war. It has been a long time since I enjoyed a book so much. (The Asheville Citizen-Times)
