

Gullivers Travels (Illustrated by P. A. Staynes)

This edition is richly illustrated with over 100 illustrations by P. A. Staynes, 1912. Many are duotone or full color. Lemuel Gullivers love of travel and inability to stay on course deliver him to unexpected visits with the very short Lilliputians, the very large Brobdingnagians, the very reasonable Houyhnhms - who are horses, and the excessively scientific citizens of Laputa. A classic of English literature, Gullivers Travels has amused children and fascinated adults for nearly three centuries.
