

Roofie (MMA Bad Boys Book 2)

Roofie I have one rule: Never date a female fighter. Theyre catty, bitchy and most probably swing the other way. But theres just one woman that has me in a tail spin. Funny, headstrong, witty and hot as f***. Have you ever wanted a girl thats unlike others? Who is so unreachable that your guts ache? I have. I do. A few months ago, I screwed up good and proper with the one girl that makes my heart stutter. The one girl who has my head spinning out of control. My thoughts revolve around her yet I continue to screw up instead of approaching her. Relationships are alien to me, I have no idea how to make one work. I have baggage that Gemma should never have to witness. Being friends is out of the question when it comes to her. My heart beats for her and she doesnt even know it. But will my family ever leave me in peace to find love? Or will they shoot it down before I even get the chance? Will they stop me seeing the one girl who gives me butterflies? If I want something. Ill get it. My family can go you screw themselves. But thats easier said than done. **
