

Father Goriot - The Original Classic Edition

Getting involved in the works of Balzac is like entering a magnificently equipped library with an insatiable appetite for books. His output was prodigious: novels, short stories, and essays, but it is primarily the HUMAN COMEDY for which he is best known. The complexity that is that book had its origins much earlier in his novel FATHER GORIOT (PERE GORIOT). Balzac liked to move characters back and forth from book to book like chess pieces. In much of his fiction, he places his characters in cities like Paris that are center of dissolution and corruption that test their moral mettle. Most often they fail, but it is in their failures that give his work their distinctive flavor. Father Goriot is an old, sick pensioner who has raised his two daughters improperly such that they now return his earlier parental errors with daughterly ingratitude that elevates him to the status of a wounded Lear. He lives in a boarding house on the third floor, the cheapest floor. He had once been able to avoid the more expensive lower, but as he has given far too much of his dwindling resources to his greedy daughters, he is now facing poverty. This boarding house is a bustling center of activity, with Goriot only one part. A young and money hungry lawyer Eugene de Rastignac lives there too. He is handsome, witty, and definitely willing to bend a few rules to advance in the cesspool that is Parisian society. Eugene becomes the lover to one of Goriot's wealthy daughters, hoping that she can open doors to him that might otherwise have been closed. This daughter Delphine is only slightly less mercenary than her sister Anastasie, with whom Delphine is not on speaking terms. A friend of Eugene, Vautrin, who is aware of Eugene's poverty, offers to kill the brother of a woman that Eugene is dating, thus ensuring that in the event of a marriage, Eugene will marry into money. The primary focus of the story is on the disintegrating relation between

Goriot and his daughters.
