

Posthumous Works

This volume presents two dramatic works of the sage of Yasnya Poliana: *And a Light Shineth in the Darkness* and *The Living Corpse*. The first of these dramas was left incomplete in manuscript form. The first four acts, indeed, are carefully worked out, but the fifth act appears in the form of a synopsis. The other drama, having found its way to the European and the American stage, is better known to the English-speaking public and is offered in this volume in the form of an unexpurgated translation of the original text.
