

Fighting Chance

Two wanted bandits - the Driscoll brothers - are on the run from the law. Posing as rangers, they join a group of Mormons making their way along a desert trail. But they can't hide their true natures for long. After a brawl in a tavern one of the brothers shoots a man dead. And in a desperate attempt to escape retribution they take a young woman, Annie, hostage. Obadiah Peabody normally keeps himself to himself. But Annie is like a daughter to him and he feels responsible for her safety.

Does Obadiah have a Fighting Chance against the ruthless Driscoll brothers? Or will he and Annie become two more victims on their list of killings?
