

Protagoras: A Dialogue by Plato

Protagoras Plato A Dialogue by
Plato Translator: Benjamin
Jowett Protagoras is a dialogue by Plato.
The traditional subtitle (which may or may
not be Platos) is or the Sophists. The main
argument is between the elderly
Protagoras, a celebrated Sophist, and
Socrates. The discussion takes place at the
home of Callias, who is host to Protagoras
while he is in town, and concerns the
nature of Sophists, the unity and the
teachability of virtue. A total of twenty-one
people are named as present. Of the
twenty-one people who are specifically
said to be present, three are known
Sophists. In addition to Protagoras himself,
there are Hippias of Elis and Prodicus of
Ceos. Two of the sons of Pericles are said
to be there, Paralus and Xanthippus. With
the exception of Aristophanes, all of
Socrates named friends from the
Symposium are in attendance:
Eryximachus the doctor, and Phaedrus are
there, and so are the lovers Pausanias and
Agathon (who is said to be a mere boy at
this point), and Alcibiades. Additionally,
there are several unnamed foreigners whom
Protagoras is said to have picked up in his
travels and a servant (a eunuch) in the
employ of Callias.
