

## Remembrance Day (The Squire Quartet)

Winner of two Hugo Awards, one Nebula Award, and named a Grand Master by the Science Fiction Writers of America, Brian W. Aldiss has, for over fifty years, continued to challenge readers minds with literate, thought-provoking, and inventive science fiction. Ray and Ruby Tebbutt are a Norfolk couple struggling to pay off a loan they could not afford. Peter Petrik, a small-time Czech film director, is involved with an Irish arms smuggler. Dominic Mayor, a British millionaire with a cold past, made his fortune by manipulating the stock market. All four peoples lives are taken by a terrorist bombing in a small British seaside hotel. In Remembrance Day, an American academic examines the details of the victims lives and histories to find the relationship between them and their fate. This ebook includes an introduction by the author.
