

Black Market

From the author who created the international No 1 bestsellers *Along Came a Spider*, *Kiss the Girls* and *Jack and Jill* comes a lightning-paced novel of high finance, international terrorism and irresistible page-turning suspense - now reissued in striking new cover style. The threat was absolute. At 5.05 p.m. Wall Street would be destroyed. No demands, no ransom, no negotiations. A multiple firebombing - orchestrated by a secret militia group - would wipe out the financial heart of America. Faced with catastrophe on an unimaginable scale, Federal agent Archer Carroll and Wall Street lawyer Caitlin Dillon are pitched into a heart-stopping race against time, tracking the unknown enemy through a maze of intrigue, rumour and betrayal towards a truly shocking climax.
