

Sir Arthur Conan Doyle's - The Hound of the Baskervilles - Enhanced Classroom Edition

There is a realm in which the most acute and most experienced of detectives is helpless the supernatural, and master detective Sherlock Holmes is about to plunge headfirst into that realm in this stunning adventure. Originally published in 1902, Sir Arthur Conan Doyle's classic, *The Hound of the Baskervilles* takes our favorite detective and his faithful aide Dr. Watson to the Baskerville Estate where a mysterious hound of hell has caused the deaths of more than one member of the Baskerville family. Will Holmes be able to crack this case and defeat the devilish dog before the latest heir to the Baskerville fortune meets his demise? And are there darker forces involved than Holmes has ever imagined? This latest edition, compiled by author David Scott Fields II of the *Chronicles of the Imagination* series, includes vocabulary, study questions, projects and a test great for use in the classroom.
