

Seasoned Veteran (Mustangs Baseball Book 7)

At forty years old, the Mustangs batting coach, Jake Tulleson, has spent a lifetime running from commitment. When he falls in love with a woman barely older than his daughter, he uses every excuse to justify leaving her when the season is over. It isn't long before he realizes his mistake and heads back to Dallas to claim what's his, but it's going to take a Christmas miracle to convince her to give him a second chance. Siobhan Flannery is well aware of Jake's reputation for loving her and leaving, but she believes her love is enough to make him stick around, despite their fifteen-year age difference. Before the stadium lights dim following the team's final playoff game, Jake ends their affair and disappears to his off-season hidey-hole. When he returns weeks later, full of remorse and begging for another chance, she just wants him to go away and leave her be. It'll be a cold day in Dallas before she forgives him.
