

## Fulcrum (Strikemasters) (Volume 3)

Ever since the elite 201st Special Operations Wing was disbanded for dispensing their own brand of international antiterrorism, Major Tommy Gunn has been a man without a mission. And the world is without hope, as rumors of global destruction throw the people into a panic. The situation grows more dire after a terrorist attack occurs in Kuwait City: A fighter jetan advanced Russian MiG that the Iraqis flew into hiding during the first Gulf Waris deliberately crashed into a funeral procession. Similar attacks follow, and all intel points to a nightmarish all-out assault to come in the very near future. Only one fighting force can stop it... The Strikemasters are back.
