

The Subterraneans

Written over the course of three days and three nights, *The Subterraneans* was generated out of the same kind of ecstatic flash of inspiration that produced another one of Kerouac's early classics, *On The Road*. Centering around the tempestuous breakup of Leo Percepied and Mardou Foxtwo denizens of the 1950s San Francisco underground *The Subterraneans* is a tale of dark alleys and smoky rooms, of artists, visionaries, and adventurers existing outside mainstream America's field of vision.
