

Meet Harry Dresden, Chicagos first (and only) Wizard P.I. Turns out the everyday world is full of strange and magical things - and most of them dont play well with humans. Thats where Harry comes in. Since his girlfriend left town to deal with her newly acquired taste for blood, Harrys been down and out. He cant pay his rent. Hes alienating his friends. He cant recall his last shower. Then when things are at their worst, the Winter Queen of Faerie saunters in with an offer Harry cant refuse. All he has to do is find out who murdered the Summer Knight, the Summer Queens right-hand man, and clear the Winter Queens name. It seems simple, but Faerie politics seldom work out that way. Then Harry discovers the fate of the entire world rests on this case. So no pressure ... Magic - it can get a guy killed.
