

## Tattoo: The Awakening: Fantasy invades Reality (Sisterhood of the Tattoo Book 1)

Biracial teen Danielle Clark never dreamed she'd spend her senior year in a hick school full of farmers. Still reeling from the shock of her parents' separation, Danielle discovers that being neither black nor white in a small rural town makes her a prime target for bullies. When she meets Meli, a fearless Native American girl, Danielle becomes mesmerized by her new friends' WTF outlook on life, and makes an impulsive decision to get a tattoo. Through a series of frightening events, belief in the spiritual power of her tattoo instills Danielle with new insight into human nature, the courage to face the future, and the revelation that she's the only one in charge of her happiness.
