

## The Lost World and Other Thrilling Tales (Penguin Classics)

Spurred on by the woman he loves, young journalist Edward Malone eagerly joins forces with irascible Professor Challenger on an expedition to South America. They are accompanied by Professor Summerlee, keen to expose his old rival as a fraud, and soldier-adventurer, Lord John Roxton. Their mission is to verify Challengers claim of the existence of a mysterious Jurassic-age plateau untouched by human civilization that brings both wonder and terror in the form of prehistoric creatures, from fierce ape-men to grazing iguanodons and rookeries of pterodactyls. The Lost World (1912) is accompanied here by The Poison Belt, a novella that reunites Challenger and his team of explorers in an apocalyptic adventure, and two fantasies, The Terror of Blue John Gap and The Horror of the Heights.
